

EURECOM

PROFILE

EURECOM is a renowned French Graduate School and Research Center in Digital Sciences. The School is organised as a consortium bringing together leading International Universities from various countries: Institut Mines Télécom, Aalto University, Politecnico di Torino, TU Munich, NTNU, Chalmers University of Technology and Czech Technical University.

EURECOM benefits from a strong interaction with the industry. Its consortium brings together the following companies: ORANGE, ST Microelectronics, BMW Group Research & Technology, Symantec, Monaco Telecom, SAP, IABG and an institutional partner: the Principality of Monaco.

Main programmes of study

EURECOM is the unique French engineering school whose curriculum is entirely taught in English:

- 3 Master of science degrees in Digital Security, Mobile Computing Systems and Data Science and Engineering
- 2 Post Master's degrees in Communications for Intelligent Transport Systems and in Computer and Communications security.
- Phd studies with doctoral schools of EURECOM's partners.

Research

EURECOM's research activity is organized around three main fields:

- Digital Security
- Data Science and Engineering
- Communication Systems

Photograph provided by the institution

Strengths

- An unparalleled study environment (French Riviera and at the heart of Sophia Antipolis, largest techno park in Europe).
- Individual support for each student (accommodation, administrative follow-up...)
- Teaching in English from a world-renowned faculty
- Paid internships in companies, very strong links with the industry,

Location

EURECOM is located at the heart of Sophia Antipolis, Europe's largest techno park, a hotbed for internship and job opportunities.
