1. Welcome to the COLOGNE BUSINESS SCHOOL!

Welcome to Cologne Business School (CBS)! The CBS is a private business school in the heart of Cologne. It is ranked among the top German universities for business studies. (Wirtschafts Woche HR-Ranking).

Founded in 1993, CBS belongs to the pioneers who introduced the bachelor degree to Germany. Today, we offer 7 different BA Programs with various specializations, as well as MA Programs and an MBA program. Most of the programs are fully taught in English.

All programs at CBS are state approved and carry the seal of approval from the trinational accreditation agency FIBAA (Foundation for International Business Administration Accreditation) with excellent appraisal in the areas of practical economics and practical relevance.

2. ... and Welcome to Cologne!

With your decision to study at the Cologne Business School, you decided at the same time to live in the lively and pulsating metropolis of Cologne. With over 2,000 years of history and a population of over one million Cologne is the fourth-largest city in Germany and guarantees exciting experiences for everyone.

Cologne was founded as a Roman settlement called Colonia Claudia Ara Agrippinensum. In the 1st century A.D. its first city wall was built. Remains of these times can still be found all over the city.

The most popular and impressive sight is the gothic-style Cologne Cathedral in the heart of the city. It lies in the vicinity of the old town (Altstadt) with its numerous cafés, pubs, “Kölsch” breweries and shopping facilities. The best view of the cathedral and the historic skyline of Cologne with its many church towers can be caught from across Cologne’s second impressive landmark – the Rhine river.

The open-hearted and multicultural air of the city makes it easy to meet new friends, not only during the Carnival season or when having a Kölsch. With one of the largest student populations in Germany, Cologne has a vivid night-life that takes place in many cocktail-bars, pubs and clubs.

But Cologne is also a city of culture. It is home to a wide variety of museums, galleries, theatres, an opera house and a philharmonic orchestra. International music and sports stars perform at the Köln LANXESS Arena – and never to forget the cultural highlight of the cathedral!

Media have a long tradition in Cologne: newspaper and magazine publishing companies and art book-trades have partly had their main offices in Cologne for centuries. Later, they were accompanied by numerous radio- and TV-stations, such as WDR, N-TV, Super RTL or VOX. The MediaPark is home to around 250 enterprises, among them Radio Köln and Eins Live, as well as production firms, recording studios, radio stations, record labels and consulting firms.

The vicinity of the CBS to economy is a great benefit for jobs, internships and the entrance into professional life. Cologne has a centuries-old tradition of trade and trade-fairs. Trading firms and industries, e.g. metal-, automobile-, chemical-, pharmaceutical-, printing- or clothing-industry as well as music- or media firms are constantly searching for inspired and motivated junior employees who have plans for a successful future. Take your chances and opportunities!

Finally - Cologne lies in the heart of Europe: The Netherlands and Belgium are located right around the corner. Amsterdam, Brussels and Paris are close by and invite you for a week-end trip!

Courses and Grading System

At CBS, students are required to select most of the subjects by modules. One module usually has 6 ECTS credits and contains two courses at 3 ECTS each. These modules cannot be split, which means that students must always take both courses belonging to the respective module.

If a student fails one course, he/ she can compensate the failed course through the second course belonging to that module, and thus still reach the full credits for the module.

Should the student not be able to compensate the failed course, he/ she has to retake the full module with both courses. This also applies in case that one of the courses has already been passed.

Example 1:

<u>Module</u>	
Course 1	30%
Course 2	80%

Course 2 passed, course 1 failed, but compensated with course 2: Module passed with 55%

Example 2:

<u>Module</u>	
Course 1	70%
Course 2	90%

Both courses passed: Module passed with 80%

Example 3:

<u>Module</u>	
Course 1	20%
Course 2	60%

Course 2 passed, course 1 failed, but not compensated with course 2: Module failed with 40%
Both courses need to be retaken to pass the module.

Performance Evaluation

The CBS uses the European Credit Transfer and Accumulation System (ECTS). This credit system is based on the student workload required to achieve the objectives of a programme. These objectives are specified in terms of the learning outcomes and competences to be acquired.

The Bologna Declaration of June 1999 introduced the Bachelor/Master system in all EU countries. ECTS makes study programmes easy to compare for all students: both local and foreign. Thus, the ECTS facilitates mobility and academic recognition.

The ECTS system works with 60 credit points per academic year. At CBS, a BA degree is conferred when a student has collected 180 credit points with programme-relevant courses (for more details see the text of the "Examination Directive/Prüfungsordnung").

Courses are graded as follows:

Grade %	Local Grade	English Translation	Grade %	Local Grade	English Translation
100	1,0	Very Good Above the average standard	69 – 68	3,1	Satisfactory

Exams

The exams will take place during the last 2 weeks of the semester. The timetable will be published approximately 2 weeks before the exam period. Please note that exams can take place on Saturdays as well within examination weeks.

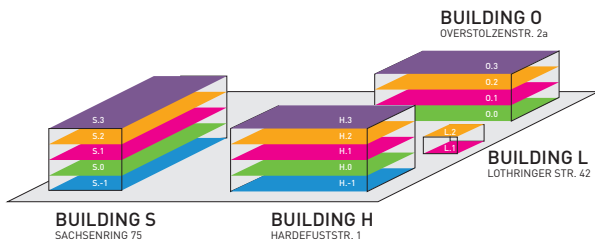

A module with two classes usually consists of a written exam and a course work.

- 1) In a written exam, the candidate is expected to prove that he/she is able to handle questions and find ways to bring about solutions in a limited amount of time, with limited aids and under supervision using prevalent subject-related methods.
- 2) The assessment for course work can consist of e.g:
 - a. Term paper
 - b. Project work*
 - c. Group work*

Pre-Departure Pathway

8. Your CBS Student ID Card

Your student ID Card/ semester ticket is one of the most important documents for your stay in Cologne. You will have to buy it for **174,40 €**. It will be handed out to you during the Welcome Days. The card not only allows you to take books from the library and enter museums or some of the film theatres for reduced fees. Another payment of 74,75 € fee needs to be conducted beforehand for the „Kölner Studentenwerk“, an organization that provides different services and support to all students studying at universities in Cologne. Services include accommodation, canteens, psychological and social consultation, support for international students and helpful links and locations in Cologne as well as access to a range of sports facilities and course offers.

Once per year, all students at Cologne Business School elect the Students' Parliament (StuPa) democratically. The StuPa projects are financed from a contribution of currently 10 € per semester from the students.

At the same time, the ID Card serves as your ticket for public transportation **in the whole region of North Rhine-Westphalia** (Except from IC, EC and ICE trains). You may use any busses, subways, underground and regional trains. Please find more information on the semester ticket and the region of the NRW Student Ticket at:

www.studenten-nrw-ticket.de

Your Student ID Card also serves as copy card for the printers at CBS with a budget of 30,-€ per semester. If you need to reload your copy card, please contact the Students Office.

In case of loss of the Student ID Card you can receive a new one in the Student Office for an additional fee.

9. IT Services

Cologne Business School has wireless internet around its campus as well as modern computer facilities. Students are highly recommended to bring their own laptop to work with. Our IT-Services will be glad to help you log into the CBS wireless internet.

10. Interning/Working in Germany

Students from the European Union (EU) or European Economic Area (EEA) have free access to the German job market and are treated equivalent to German students.

International students from other countries can work a total of 120 full or 240 half days per year. If you wish to work more, you will need a permit from the „Agentur für Arbeit“ (Federal Employment Agency) and the foreigners' authority.

Whether you are issued a work permit largely depends on the condition of the local job market. You are less likely to receive a permit to work more than 120 days in regions with higher unemployment rates.

In general, you have the opportunity to do an internship in Germany. Voluntary internships – paid and unpaid – count towards the 120 full / 240 half days per year. Mandatory internships can be completed additionally.

Please keep in mind that the working language in most companies is German. If you don't speak German you should look for larger international companies, or companies from your home country with a subsidiary

office in Germany.

The Career Services office will offer info sessions on interning and working in Germany at the beginning of the semester.

In addition, the CBS Student Portal (STUPO) provides a job portal and a lot of information on how to find an internship and how to apply in Germany.

Please contact career@cbs.de in case of further questions.

11. Risk- and Crisis Management

CBS has created a task force which comes together in order to coordinate activities needed to respond to different cases of emergency situations. We have an emergency number (+49-221 931809-789), and will in addition collect the phone numbers from all international students at the beginning of the semester. During introduction week we will inform all international students regarding precautions for their stay in Germany and their trips around Europe. An emergency contact card is issued to all students on which they will find some first immediate advice in case of emergencies.

The CBS International Office has contact information to counselors for different languages should students need psychological support after an emergency situation.

12. Accommodation in Cologne

CBS Student Residence:

The Cologne Business School offers fully equipped double and single rooms in its attractive residence hall in the "Südstadt" of Cologne. In its immediate vicinity you can find plenty of shopping facilities and student bars, restaurants and clubs. A large and spacious common kitchen is fully equipped with refrigerators, a freezer, stove, oven and microwaves. Bathrooms on each floor are available to all residents. Furthermore, students share a comfortable living room with dining facilities, couches and a TV as well as a big garden.

As spaces fill quickly, it is advisable to apply for accommodation early. An application form can be submitted online at <http://www.cbs.de/en/campus/living-in-cologne/cbs-student-residence/dorm-reservation/>

14. Health insurance

Important: You can either decide whether you wish to acquire a health insurance in your home country or whether you wish to get a German health insurance. We recommend that you acquire a German health insurance in order to avoid trouble or complications.

If you prefer to get the health insurance in your home country you will have to make sure that it covers of all the costs that might occur and that it is valid for the complete time of your stay. A public health insurance company in Germany will have to confirm any private and/ or foreign insurance. You receive a confirmation on your insurance in one of the offices listed below.

In Germany, all students must have health insurance. You can obtain a student health insurance from the Techniker Krankenkasse or other health insurance companies.

EU nationals need the European Health Insurance Card of their home health insurance, which has to be taken to the Techniker Krankenkasse in Cologne to be recognised. Techniker Krankenkasse will provide you with a German health insurance certificate or card.

Please contact the respective representative at CBS during the Introduction Week or before your arrival.
