INTRODUCTION

St Patrick's College, Maynooth opened its doors as an educational institution in 1795 and over the intervening two centuries, it has established for itself an impressive reputation for scholarship and learning.

The Pontifical University has close links with Maynooth University (the National University of Ireland, Maynooth). The two Universities share the same campus and co-operate in a number of important academic programmes.

The campus is also the seat of the National Seminary.

The town of Maynooth is situated in north County Kildare. It is close to the borders of Counties Dublin and Meath. It is 15 miles/25 km west of Dublin city centre, just off the N4/M4, the main Dublin to Sligo/Galway road.

Maynooth is approximately 7 miles/12 km from the N3/M3 - the main Dublin/Cavan road and is approximately 13 miles/22km from the N7/M7 - the main Dublin to Limerick/Cork road.

Today, Maynooth preserves much of its rural ambience and provides easy access to large tracts of peaceful countryside. At the same time, it is within easy reach of Dublin and is close to the high-technology industrial parks on the western edge of the city. It is home to a vibrant local community and offers students and others abundant opportunities to enjoy a busy and varied social life.

The south campus itself is beautiful with its elegant neo-gothic and Georgian architecture, while on the north campus the buildings are more modern and contemporary. The campus is also teeming with wild life; here you will find grey squirrels, rabbits and hares in abundance. On occasion, unusual birds such as hawks and kestrels have been observed. It is hard to imagine that this haven of tranquillity is so close to the capital of Ireland!

Since 2020 the Baccalaureate in Theology and Arts is jointly awarded with Maynooth University.

This further enhances the international reputation of the award.

■ Semesterisation and Modularisation

Semesterisation allows students to regulate their studies by completing the first half of their examinations in January and the second half in May. Modular systems operate on the basis of credits and have become the international academic standard. They make for better access to a broader range of studies and greater transparency in the presentation of an undergraduate syllabus.

■ Student Assistance Fund (SAF)

The Student Assistance/Access Fund is jointly sponsored by the European Social Fund and the Irish Government. It is available for students who require additional financial support to enable them to benefit fully from their third level studies. Registered students do not necessarily need to be grant holders to apply for funding. It simply offers a limited amount of financial support to students who experience financial difficulties related to the costs of their studies. The funding is available to all full-time registered students of the Pontifical University.

SERVICES

2. HEAR (Higher Education Access Route)

The Higher Education Access Route (HEAR) is a college and university scheme which offers places on reduced points and extra college support to school leavers from socio-economically disadvantaged backgrounds who are resident in the Republic of Ireland. HEAR has been established by a number of Higher Education Institutions based on clear evidence that socio-economic disadvantage has a negative impact on educational achievement at school and progression to higher education. School leavers who provide satisfactory evidence relating to their socio-economic circumstances may compete for a quota of places allocated to applicants on a reduced points basis. As the minimum entry and subject requirements may differ between colleges and courses, applicants should check the requirements of each preference listed on your CAO form.

WHO SHOULD APPLY TO HEAR?

School leavers from socio-economically disadvantaged backgrounds who are under the age of 23 as of 1st January 2021 and who are resident in the Republic of Ireland may apply to HEAR. Mature and FETAC applicants have different admission routes and you can get further information on these routes from our website: www.maynoothcollege.ie.

HOW TO APPLY TO HEAR

1. Apply online to CAO by 17:15 on **1st February 2021**.
2. No later than **17:15 on 1st March 2021**, you must indicate in your CAO application that you wish to apply for the HEAR scheme and you must fully and correctly complete all elements of the HEAR form (the HEAR form is a part of your CAO application).
3. Submit evidence in support of your application to arrive at CAO no later than **17:15 on 15th March 2021**.

HEAR applications can only be made online at www.cao.ie. More information on HEAR is available from your school Guidance Counsellor and at www.accesscollege.ie.

Student TESTIMONIALS

PAUL O'SULLIVAN

Graduate, B.A.Th.

Maynooth is a wonderful place to study and my three years at St. Patrick's Pontifical University and Maynooth University have been superb.

Through studying Theology, I have come to understand a lot about life and the impact that religion, mortality and history have had on life. Theology facilitates both your development as a person and your understanding of the world.

St Patrick's College is not only a beautiful place aesthetically, but internally it is home to a close knit community of staff and students. It is a place where everybody says hello. Everybody knows each other and everybody looks out for one another. The staff are exceptionally professional and go far beyond what one would expect of them.

YVONNE MYLES

Graduate B.A.Th. International

Making the decision to go on Erasmus was a difficult one for me. As a single mother with responsibilities, I knew I was not the typical student to avail of this opportunity.

Going to Salamanca proved to be a challenge, but it was one of the best years of my life. The staff at the Pontifica were very welcoming and the Erasmus co-ordinators in Ireland and Salamanca were always on hand to help with any issues. I would highly recommend that students avail themselves of the opportunity as it will not only broaden your knowledge of Theology, but you will also engage with a different culture and language.

MEGAN BYRNE

Graduate, B.A.Th.

Putting St Patrick's College, Maynooth on my CAO was probably the best decision I have ever made. When people ask me what it is about Theology that I like so much, I just end up smiling and saying "everything".

In my time spent in College, I have learnt things I didn't think possible, discovered things about myself that I didn't know existed and most importantly, made friends who I know will stay with me long after I leave. I walk in to College every day smiling because I know I'm going to attend a lecture where I'm acknowledged. The lecturers know you as a person, not just a number.

best decision I have ever made

STEFANO ZORDAN

Graduate, B.A.Th.

Coming from a small town in the Italian Alps, choosing to apply to Saint Patrick's College was certainly unusual. Luckily, my strong classical background, together with my professors' and fellow classmates' ability to make me feel at home, was enough to get me through the initial phase of disorientation. In second year, I got involved with various societies on campus, which helped me to integrate into College life. My experiences contributed to develop me not only as a student, but also as a person and it was this, I believe, which made it possible for me to be accepted by Harvard to do a Masters in Theological studies.

MARY KATE THOMPSON

Graduate, B.A.Th.

If I had to sum up my experience at St Patrick's Pontifical University in one word, that word would be amazing. I would highly recommend doing Theology and Arts, as it is very versatile and you have so much choice. Moral Theology was my favourite, but I know quite a lot of my friends prefer scripture.

Probably the best thing about St. Patrick's College is the fact that the Theology is such a small group compared to MU, so when you first come to College, the first friends you make, and the ones you will be best friends with, are doing Theology. I have made life-long friends here.

I wouldn't change my mind if I had the chance to do it again. It is challenging, but it is most definitely worth it!

There's no doubt I selected the right course

STEPHEN FRIEL

Graduate, B.A.Th.

I have just received my undergraduate degree in Theology and Business. This is something I had wanted and worked hard to achieve. Having completed my degree, I am in no doubt that I selected the right course for me, not just because of the subjects but because of the Maynooth experience.

PATRICK O'SIOCHRU

B.A.Th.

I never thought I would be doing Theology in College as part of my degree. However, after my first year, it has opened my mind. Theology is not just about studying God. Theology offers so much more. It gives you a better understanding about people, cultures, traditions, other religions and life. I have also met incredible people in the College. You will fit into this course with no problems, religious or not. This course welcomes all people and their views. I have come out of St. Patrick's College, Maynooth with a different attitude towards the world. I am so glad that I am doing this course and would highly recommend it.

■ FETAC

Holders of FETAC qualifications are welcome to apply to our programmes. Application is made through CAO. Applicants must have obtained a MAJOR award. Component Certificates will not

suffice. A major award may be accumulated over more than one academic year. In such cases, it is the responsibility of the applicant to apply to FETAC for a major award where courses are taken over more than one year.

A minimum of five distinctions are required for all courses. While a major award may be achieved over a number of sittings, the results that a student achieves in a single sitting (i.e. between 1st August - 31st July) are used for scoring purposes. The total maximum score that can be achieved is 400 points. The score is based on achievement of the major award, i.e. a total of 120 credits, multiplied by the grade score of individual components. Grade scores for component awards are as follows: 3.333 points for a distinction; 2.222 points for a merit; 1.111 point for a pass. As the number of FETAC places available will be limited, those places will be allocated on a competitive basis based on the student's score. Where more than one student has the same score, students will be ranked on a random basis by the CAO.

Entry to the first year of the BA in Theology & Arts programme, and the BA in Theology programme, will be considered for holders of one of the awards listed on our website: www.maynoothcollege.ie, and who have obtained at least 5 distinctions.

2 places will be available in MU001 Theology & Arts. One place will be available in MU002 Theology.

■ Course Aims

THEOLOGY

The Theology course aims to provide students with a solid intellectual formation in Theology. The scope of the course is wide, covering the range of the main theological subjects, so that students are introduced both to the breadth of the Christian tradition and to the variety of questions raised for Theology at the present time. Students of the course should develop a well-informed understanding and a deep personal appropriation of the Christian faith.

ARTS

The Arts subjects offer students the opportunity both to broaden and deepen their knowledge of subjects they have already studied and to embark on new subjects of study. The variety of disciplines available is part of the richness of the Arts, but what all the subjects have in common is that each, in its different way, requires students to consider and reassess the values by which society operates in the modern world.

The Theology and Arts student therefore is someone with an enquiring and broad-ranging mind who will be well equipped to take his or her place in professional, social and community life.

■ Career Options

The Theology graduate is equipped to take an active role in the intellectual and pastoral life of the Church, while bringing a broader perspective to the civil position or profession which he/she is likely to take up. They are valued for their academic training, their ability to reason clearly and their capacity to take an overview of the problem or situation confronting them. Many, but by no means all, graduates of the B.A. in Theology and Arts enter the teaching profession. The B.A.Th., followed by the Professional Master of Education (PME), fulfils the academic requirement of the Teaching Council for its admission of graduates to the Open or General Register of Teachers

Recent graduates of Theology & Arts have entered into careers involving the following:

- > Teaching

Baccalaureate in Theology (B.Th.)

HONOURS BACHELOR DEGREE – LEVEL 8 (HD)

2021 ENTRY CAO COURSE CODE: MU002

- > Baccalaureate in Theology (B.Th.).
- > It is an Honours Bachelor degree – level 8 (HD).
- > The programme extends over three years.
- > It is a full-time degree programme.
- > The Baccalaureate in Theology (B.Th.) is designed for students who wish to broaden and deepen their knowledge of the Christian faith by following a primary degree programme devoted to theological study.
- > The B.Th. is awarded by the Pontifical University of Maynooth.

■ Core Courses

Systematic Theology considers why Christians believe and what they believe in order to lead students to a deeper understanding of the basis and the content of the Christian faith.

Moral Theology is the study of morality as understood in the Christian tradition. Students will explore both foundational issues in morality (e.g. the nature and role of conscience) and specific issues that are of interest to contemporary society. The latter will include recent debates on bioethics, human rights and war.

Scripture examines the interpretation and significance of the Bible and studies the principal books of the Old and New Testaments.

Some of the topics explored over the three year programme include:

- > Christology and Redemption
- > Christian Faith and Contemporary Culture
- > Engaging Ethical Dilemmas / Human Rights
- > Philosophy of Religion
- > Religious Education in Secondary School
- > Introduction to Liturgy and Initiation
- > Philosophy
- > Theology of Creation and Grace
- > Canon Law
- > Ecumenical and Inter-Religious Dialogue
- > Prophetic Writings of the Old Testament
- > Wisdom Literature
- > Church History
- > Biblical and Theological Languages

WHAT IS THEOLOGY?

“Theology”, a word invented by the Greek philosophers, is based upon rational reflection on God, the world and human life. It covers a wide range of live issues from politics to business ethics to communications to issues such as truth and justice and unsurprisingly, some answers to the question of who or what God is. It attempts to express, in words, the elements of belief that are contained in faith.

Like philosophy, theology is a valuable component of general education and the expertise gained in these disciplines is of value in many different career paths. Theology makes for an excellent discipline – combining research, critical analysis, independent learning and self-development.

■ Course Aims

The course aims to provide students with a solid intellectual formation in Theology. The scope of the course is wide, covering the range of the main theological subjects, so that students are introduced both to the breadth of the Catholic tradition and to the variety of questions raised for Theology at the present time.

A smaller number of issues are treated more intensively. Students of the course should develop a well informed understanding and a deep personal appropriation of the Christian faith.

■ Career Options

Some graduates of the B.A. in Theology enter into the teaching profession, both at second and third level. In terms of second level teaching, the B.Th., followed by the Professional Master of Education (PME), fulfils the academic requirement of the Teaching Council for its admission of graduates to the Open or General Register of Teachers.

Some of our graduates have entered into the following careers:

- > Social Work
- > Religious Project Co-ordinator
- > Administration
- > Community Development
- > Public / Private Sectors
- > Pastoral Care
- > School Chaplaincy
- > Healthcare Chaplaincy
- > Third Level Chaplaincy
- > Research Administrator
- > Parish Administration
- > Librarian
