Gdansk University of Technology

Gdansk University of Technology (GUT) is the largest technical university in the Pomeranian Region and one of the oldest technical universities in Poland. The first inauguration of the academic year took place on 4th October, 1904. The University was erected in Gdańsk, the city with a historical tradition of over 1000 years and the largest maritime, cultural and scientific center.

The University employs over 2600 staff, including nearly 1200 academic teachers (113 titular professors, 165 associate professors and 651 assistant professors). The measure of the university's achievements in research and development is the yearly contribution of over 2000 publications, nearly 300 of which appear in the world's most

renowned scientific journals of ISI list and more than 40 are scientific monographs and academic textbooks.

Impressive premises of GUT are occupied by 9 faculties, including Engineer, Master of Science and Postgraduate studies conducted in full time and part time systems within the scope of majority of areas of science and technology. About 27 000 students are enrolled in the following faculties: Architecture, Chemical, Electronics, Telecommunications and Informatics, Electrical and Control Engineering, Applied Physics and Mathematics, Civil and Environmental Engineering, Mechanical Engineering, Ocean Engineering and Ship Technology, Management and Economics.

Our educational offer. We provide a broad range of courses to be chosen for

students. At nine faculties we offer the choice among 33 fields of study. Depending on the personal needs we may also offer a tailor-made courses to suit the diversified interest of the individuals. For post graduate students we offer over 57 different fields of study as well as MBA studies. For those who wish to learn Polish we are also prepared to give an appropriate course.

International cooperation. We cooperate with over 300 different universities and institutions in the fields of technical sciences in research and teaching from all over the world. Our scholars give lectures or participate in international exchange programmes in various foreign academic institutions.

Fields of study in English:

- **BSc in Environmental Protection and Management**
- **BSc in Management (BiM)**
- **MSc in Automatic Control and Robotics**
specialization: Decision Systems
- **MSc in Automatic Control and Robotics,**
specialization: Signal Processing

- **MSc in Civil Engineering**
- **MSc in Environmental Engineering**
- **MA in Management,**
specialization: International Management (IM)
- **MA in Management,** *specialization: Small Business Economics & Management (SBE&M)*
- **MSc in Electronics and Telecommunications,**
specialization: Computer Electronic Systems
- **MSc in Electronics and Telecommunications,**
specialization: Radio Communication Systems and Networks

- **MSc in Informatics,** *specialization: Distributed Applications and Internet Services*
- **MSc in Mechanical Engineering,** *specialization: International Design Engineering*
- **MBA Strategic Leader**
- **MBA in Strategy and Programme Management**
- **MBA Sports Management**

Facts & figures: established in 1904 • over 1200 academic staff • about 27 000 students (35% women) • about 200 foreign students

Contact: International office: ul. G. Narutowicza 11/12 80-233 Gdańsk, Poland • phone: + 48 58 347 20 42 • Fax: +48 58 347 11 70

BSc in Environmental Protection and Management

Gdansk University of Technology

address: ul. G. Narutowicza 11/12, 80-233 Gdańsk, Poland
phone: + 48 58 347 20 42
e-mail: international@pg.gda.pl internet: www.pg.gda.pl

■ degree

Bachelor of Science

■ duration

3,5 years (7 semesters)

■ language

English

■ ECTS points

210

■ description

The students are expected to get interdisciplinary knowledge covering all fields of technology and environmental management: ecology, protection of soil, water and air, environmental policy, economics and organization of environmental protection plus implementation of new chemical technologies of environmental protection.

■ tuition

EU students: free, 85 PLN entrance fee non-EU students: 3000 EUR/year + 200 EUR entrance fee

■ degree

Bachelor in Management

■ duration

3 years (6 semesters)

■ language

English

■ ECTS points

30/semester, 180 ECTS/whole curriculum

■ description

BiM is a comprehensive, practice-relevant three-year degree. It is unique in Poland and spans across all spheres of business and management. It provides knowledge that helps to build comprehensive managerial competences. Professionally qualified managers are the key drivers of trade, commerce and public service, making decisions to help shape the world around them. What kind of qualities should the ones have? First of all, they should possess the necessary knowledge of the contemporary economy and should be able to use it in managing companies, they should also be good organizers. The manager is supposed to be a creative, responsible, communicative and entrepreneurial person. That is why BiM is a place for full of initiative and unusual ideas, outgoing and communicating in foreign languages people. The BiM is built to give you the knowledge, the confidence and the choices to establish a rewarding and exciting career, in a wide variety of settings.

■ description

Small Business Economics and Management is a new curriculum offered to students of our department, to international students participating in the Erasmus Programme and to other students from non-EU countries. One of the distinctive features of this programme is its international character. All lectures are held in English. Learning in a such cross-culture group is a great advantage. It allows students to make contacts beneficial for their future careers. It also creates a possibility of gaining practical knowledge of how to manage a small firm in turbulent environment. Special emphasis is placed on economics and management of small and medium enterprises (SMEs) operating within EU structures.
